COMBINED OPERATION BETWEEN FIRCA AND FICAC

A joint operation by the Fiji Islands Revenue & Customs Authority (FIRCA) and the Fiji Independent Commission Against Corruption (FICAC) was conducted on Thursday 25th June 2009 at the company premises of a locally owned major supermarket. This was after certain information was received regarding some taxation issues.

Documents uplifted from the company are now being scrutinized and reviewed by FIRCA for the purpose of ascertaining whether there are breaches of any law.
